BIXI NETWORK AFFECTED BY EVENTS DOWNTOWN

Montréal, 20 juillet 2017 – Due to multiples planned events in downtown Montreal area during the months of July and August, we would like to inform you that multiple stations will be temporarily removed for a few days. Our teams are aware of the inconvenience this might create. All our best efforts will be focused on making sure these changes impact your daily routines the least possible. We are currently working with all the key players in this issue in order to minimize the repercussions these stations' relocations will have on our services. Besides, a station depot on the corner of Berri / de Maisonneuve is running 7 days a week, from 8 AM to 5 PM, until mid August.

Here are the stations that will be impacted :

- St-Denis / de Maisonneuve
- Ste-Catherine / St-Hubert
- Sanguinet / de Maisonneuve
- Papineau / René-Lévesque
- Viger / Wolfe
- Wolfe / René-Lévesque

Présenté par

Montréal 

- St-André / St-Antoine
- Ste-Catherine / St-Denis

To follow the current state of the network, visit our website under the “Network info” tab at:
